

MANAGED OPPORTUNITIES PROGRAM

PART 2A

APPENDIX 1

PROGRAM BROCHURE

Current as of December 31, 2021

Securities America Advisors, Inc.

12325 Port Grace Blvd.

La Vista, NE 68128

(800) 747-6111

www.SecuritiesAmerica.com

This brochure provides information about the qualifications and business practices of Securities America Advisors, Inc. If you have any questions about the contents of this brochure, please contact us at (800) 747-6111. Securities America Advisors, Inc. is registered with the Securities and Exchange Commission (SEC) as a registered investment adviser. Registration does not imply any level of skill or training. The information in this brochure has not been approved or verified by the SEC or by any state securities authority.

Additional information about Securities America Advisors, Inc. is also available on the SEC's website at www.adviserinfo.sec.gov.

Item 2 - Summary of Material Changes

Securities America Advisors, Inc. filed its last annual amendment to its Form ADV Part 2A Appendix 1 (“Appendix 1”) on March 30, 2021. Since then the following changes have occurred:

- Item 4 – Services, Fees and Compensation: Disclosure was added to reflect the addition of a Strategist Unified Managed Account which is a new type of advisory program being offered.
- Item 4 – Services, Fees and Compensation: Recommendations made within the Managed Opportunities Advisor Managed Portfolios can now be made on a discretionary or non-discretionary basis as designated in the agreement.
- Item 4 – Services, Fees and Compensation: The Firm has eliminated the conflict of interest where the Advisory Representative pays the separate transaction costs.
- Item 4 – Services, Fees and Compensation: With regard to any assets invested in mutual funds that are advised by SAA or an affiliate of SAA (as described in the Firm’s 2A at www.securitiesamerica.com), the assets will be excluded from the calculation of the Administrative Fee.
- Item 4 – Services, Fees and Compensation: The surcharge fee is no longer paid by your Advisory Representative in Advisor Managed Portfolio wrapped accounts and will now be paid by the client.
- Item 4 – Services, Fees and Compensation: Investment Manager Fees are waived for an Investment Manager that is an affiliate of SAA (as described in the Firm’s 2A at www.securitiesamerica.com).
- Item 4 – Services, Fees and Compensation: The Confirmation Fee and Prospectus Fee are no longer being waived.
- Item 4 – Services, Fees and Compensation: The fee schedules have been updated for new AMP Unwrapped accounts as well as for new FSP, SMA, and UMA accounts.
- Item 4 – Services, Fees and Compensation: The maximum fees for new accounts or fee updates within the AMP, FSP, SMA, UMA, and Strategist UMA has been increased.
- Item 5 – Account Requirements and Types of Clients: The minimum account size to open a Managed Opportunities account has been lowered.
- Item 9 – Additional Information: The disclosure of disciplinary action related failure to implement policies and procedures for the review of automatically generated surveillance alerts was added.

Item 4 - Services, Fees and Compensation

The Managed Opportunities Program (“Program”) is sponsored by Securities America Advisors, Inc. (“SAA”, the “Firm,” “us” or “we” or “our”), an SEC-Registered Investment Adviser. Securities America Advisors, Inc. (“SAA”) is registered as an investment advisor with the Securities and Exchange Commission (“SEC”), SEC File No. 801-45628, in order to offer investment advisory products and services to its advisory clients. Securities America, Inc. (“SAI”), SAA’s broker-dealer affiliate, is registered with the Financial Industry Regulatory Authority (“FINRA”) as a broker/dealer engaged in the offer and sale of securities products. Such advisory services are offered through certain Financial Advisors (“FAs”) who have registered as Investment Advisor Representatives (“Advisory Representative”). Registration does not imply a certain level of skill or training. SAA and SAI are wholly owned subsidiaries of Securities America Financial Corporation (“SAFC”). SAFC is a wholly owned subsidiary of Advisor Group Holdings, Inc. (“AGHI”), which is owned primarily by a consortium of investors through RCP Artemis Co-Invest, L.P., an investment fund affiliated with Reverence Capital Partners LLC. The consortium of investors includes RCP Genpar Holdco LLC, RCP Genpar L.P., RCP Opp Fund II GP, L.P. and The Berlinski Family 2006 Trust.

SAA will henceforth be referred to as “we”, “us”, “our” or the “Firm”.

The Program is presented to the client (“you”) by Investment Adviser Representatives (“Advisory Representatives”) of SAA or an independent registered investment adviser firm (collectively “Advisor”). Please refer to the Advisor’s Form ADV 2A to determine if your Advisor is SAA or an independent registered investment adviser firm.

You will enter into an investment advisory client agreement (“Client Agreement”) with us and your Advisor and establish a brokerage account (“Program Account”) on a fully disclosed basis with SAI. SAI is a Related Person to us and there are conflicts of interest that are further described herein and/or within the Form ADV 2A. Related Persons are defined as entities that we control or control us or are under common control with us.

We have a master agreement with Envestnet Asset Management (“Envestnet”) which in turn has a separate agreement with each of the investment managers in the Program (“Third Party Managers”). Third Party Managers are also known as “sub-advisors” and are described as such in your Client Agreement. Certain investment managers available in the Program that provide asset allocation services in mutual funds and exchange traded funds (“ETFs”) have agreements directly with us (“Strategists”). (Together the Third Party Managers and Strategists are referred to as “Investment Managers”). One or more Investment Managers have associated persons who are affiliated with a Broker-Dealer Related Person to us. In those instances, neither the Firm nor the Broker-Dealer Related Person earns additional compensation. When your Advisory Representative is one of these associated persons of the Investment Manager, it will be disclosed to you in the Advisor’s Form ADV 2A.

Advisory Services

The Managed Opportunities Program allows you to establish an account using Advisor Managed Portfolios (“AMP”), Fund Strategist Portfolios (“FSP”), Separately Managed Account Portfolios (“SMA”), Strategist Unified Managed Account Portfolios (“SUMA”) and Unified Managed Account Portfolios (“UMA”).

Managed Opportunities provides comprehensive investment management of your assets through the application of asset allocation planning software as well as the provision of execution, clearing and custodial services through Pershing, LLC (“Pershing”) or National Financial Services, Inc. (“NFS”).

For accounts held at NFS, a master brokerage account (master account) can be established at your request for the administrative purpose of holding and transferring assets. When it is necessary to liquidate positions to invest the proceeds into a Managed Opportunities portfolio, the liquidating transactions can occur in the master account.

Advisor Managed Portfolios (“AMP”)

When using the AMP option within the Program, it begins with your Advisory Representative working with you to identify your investment goals and objectives as well as risk tolerance. Your Advisory Representative will then create an initial portfolio allocation designed to complement your financial situation and personal circumstances.

Your Advisory Representative has the option to allocate your portfolio amongst a mix of stocks, bonds, options, exchange-traded funds, mutual funds and other securities (“Program Investments”) which are based on your investment goals, objectives, and risk tolerance. Your Advisory Representative has the option to recommend model portfolios, option trading and/or margin as part of the chosen strategy. Upon your agreement, this portfolio allocation will be managed in your Program Account.

The investment strategies utilized in the Program depend upon your investment objectives and goals as provided to your Advisory Representative. Portfolios are constructed along basic investment objective categories, however you and each client have the opportunity to place reasonable restrictions on the type of investments to be held in your Program Account.

Depending on the terms you enter into with us, your Advisor will manage your account on either a discretionary or non-discretionary basis. All AMP accounts are managed on a discretionary basis unless indicated otherwise on the Summary. We define discretionary management as the ability to trade your account, without obtaining your prior consent, the securities and amount of securities to be bought or sold, and the timing of the purchase or sale. It does not extend to the withdrawal or transfer of your account funds. Non-discretionary management means that your Advisor does not have the ability to perform the aforementioned without your consent. However, your Advisor has the option to periodically rebalance your account to maintain the initially agreed upon asset allocation without your consent.

Fund Strategist (“FSP”), Separately Managed Account (“SMA”), Strategist Unified Managed Account (“SUMA”) Portfolios and Unified Managed Account (“UMA”) Portfolios

When using the FSP, SMA, SUMA or UMA options within the Program, you begin by discussing your financial goals and objectives with your Advisory Representative. Your Advisor will recommend an asset allocation model consisting of various asset classes such as equities, fixed income, cash and equivalents, or alternative investments. Your Advisory Representative selects appropriate Investment Managers and Funds to fulfill your asset allocation model consisting of:

- a) Investment strategies created by third party money managers that are registered investment advisors (sometimes known as sub-advisors, but collectively referred to as “Investment Managers”) or your Advisory Representative that generally consist of a selection of mutual funds, exchange traded products, equities, and bonds;
- b) Mutual funds and ETFs (“Funds”);
- c) or a combination of the preceding bundled together in an investment asset allocation model (individually or collectively, “Program Investments”).

Your Advisor will recommend Program Investments suitable for you. Suitability will be determined through your responses to a risk tolerance questionnaire (“Questionnaire”) and/or discussion between you and your Advisory Representative regarding among other things, investment objective, risk tolerance, investment time horizon, Program Account restrictions, and overall financial situation.

Program Investments will be managed in one or a series of FSP, SMA, SUMA or in a UMA as further described below, meaning your specific authorization is not required prior to selecting Program Investments or executing each transaction.

You can place reasonable restrictions on the investment held within your Program Account. Such restrictions can cause:

- a divergence in account performance from the Asset Allocation Model originally presented to you;
- a delay in the reporting of account performance, and
- a delay in the rebalancing of the portfolio funds within your account.

We make no representations regarding the future performance of any Program Investments. As always, past performance is not a guarantee of future results. There can be no assurance that any of your investment goals will be met or that the net return on an investment in a portfolio of Program Investments will exceed what could have been obtained through other investment or savings strategies.

We, through a sub-agreement with Envestnet will:

- i. provide you and your Advisor with Program Investment research,
- ii. suggest asset allocation models and specific Program Investments to place within the recommended asset allocation models,
- iii. generate, on a quarterly basis, a report outlining your Program Investment performance,
- iv. calculate the monthly or quarterly advisory fee and instruct the Custodian to withdraw the fee from your Program Account,
- v. provide a web site and associated technology to assist your Advisory Representative with the selection of Program Investments and generation of the Investment Strategy Proposal and other associated documents,
- vi. direct the investment, reinvestment and periodic rebalancing of Program Investments in the Program Account, in accordance with the information and instructions provided by you and your Advisor and,
- vii. provide overlay account management to Program Accounts to coordinate trading activity, rebalancing, and optional tax management and socially responsible services.

One or more Investment Managers available for use in the FSP, SMA, SUMA and UMA Portfolios are affiliated entities of SAA. Selecting, recommending or promoting the use of its affiliated entity is a conflict of interest for SAA due to the additional compensation received by such affiliate.

Trading by Third-Party Managers can trigger wash sale rule implications. A wash sale occurs when a security is sold at a loss and then the same or substantially identical security is repurchased within a short time period. We do not necessarily manage accounts in the Managed Opportunities Programs in a manner to avoid wash sale implications. You are encouraged to consult with a tax advisor to discuss any tax implications involving your portfolios in these and all advisory programs.

Description of Program Types

Program Investments are managed in one or a series of Fund Strategist Accounts, Separately Managed Accounts, Strategist Unified Managed Accounts or in a Unified Managed Accounts as further described below. All program types are discretionary types of accounts, which means we, your Advisory Representative, the Investment Manager, and/or Envestnet, can make allocation changes, or trades without your prior approval. We, or your Advisory Representative, can change your asset allocation model, or Investment Managers without your prior approval based on your financial goals and investment objectives. All investment recommendations are made on a discretionary basis.

Fund Strategist Account Portfolios (“FSP”)

Fund Strategist Portfolios Account (“FSP”) is a professionally managed mutual fund and exchange-traded fund asset allocation model portfolio. The Investment Manager is responsible for selecting the mutual funds and/or ETFs within a portfolio and for making changes to the funds selected. Each Investment Manager strategy is assigned their own custodial account. We can terminate existing sub-advisor service agreements and enter into new sub-advisor agreements at our discretion. Your initial FSPs are described in your Investment Strategy Summary.

Separately Managed Account (“SMA”)

An SMA consists of a portfolio of assets managed by a professional investment firm and offers direct ownership of securities. In an SMA each Investment Manager strategy is assigned their own custodial account. The SMA may also contain mutual funds and exchange-traded funds, generally used to compliment the Investment Managers strategies employed within the SMA. We can terminate existing sub-advisor agreements and enter into new sub-advisor agreements at our discretion. Your initial SMA Portfolios are described in your Investment Strategy Summary.

Strategist Unified Managed Account (“SUMA”)

A SUMA is an account comprised of similar investment options offered in a UMA, but unlike the UMA, all investments are selected by one Investment Manager (“SUMA Manager”) instead of your Advisory Representative. Based on your financial goals and investment objectives, your Advisory Representative, at his or her discretion, selects a SUMA Manager. SUMA Managers will create portfolios that are made up of predominately SMAs, however the SUMA Manager can also include other mutual funds, ETFs or Investment Managers in the portfolio. The SUMA Manager is responsible for selecting the Program Investments within a portfolio and for making changes to the account at their discretion. Overlay management is provided to coordinate the trading activities of SUMA Managers, rebalancing, and optional tax management and socially responsible services.

Unified Managed Account (“UMA”)

A UMA is comprised of similar investment options offered in an FSP and SMA, in addition to investment strategies created by your Advisory Representative. Unlike the FSP and SMA, all Investment Manager strategies, Funds, and other Program Investments are held in a single custodial account. Based on your financial goals and investment objectives, your Advisory Representative, at his or her discretion, creates an asset allocation model. Your asset allocation model is assigned investment strategies created and managed by Investment Managers or your Advisory Representative. Overlay management is provided to coordinate the trading activities of UMA Investment Managers, rebalancing, and optional tax management and socially responsible services. Your initial UMA portfolios are described on your Investment Strategy Summary.

Trading

You grant discretion to us, your Advisory Representative, the Investment Manager, and/or Envestnet to purchase and sell securities without your prior consent according to your stated investment objectives.

We utilize Envestnet, an independent investment adviser, to execute the transactions on your behalf. Envestnet will use discretionary authority to execute securities transactions that are recommended by the Investment Managers and your Advisory Representative. Envestnet acts to coordinate FSP, SMA, SUMA and UMA trading activity including whether and how to implement trading instructions received from Investment Managers and/or your Advisory Representative. Your Advisory Representative does not exercise investment discretion over your assets allocated to Investment Managers.

Best Execution

In placing orders for purchase and sale of securities and directing brokers to affect these transactions, Envestnet seeks to obtain prompt execution of orders at the most favorable conditions. In doing so, Envestnet considers a number of factors, including, without limitation, the overall direct net economic result to the Client, the financial strength, reputation and stability of the broker, the efficiency with which the transaction is effected, the ability to effect the transaction at all, the availability of the broker to stand ready to execute possibly difficult transactions in the future and other factors involved in the receipt of brokerage services. In general, Envestnet routes trades directly to Pershing or NFS (as applicable).

“Step-out” Trades

Occasionally, in order to obtain best execution and minimize market impact, certain thinly traded securities, illiquid or ETF trades, for example, can be “stepped-out” in order to gain best execution and minimize market impact. In some instances, stepped-out trades are executed by the other firm without any additional commission or markup or markdown, but in other instances, the executing firm will impose a commission or a markup or markdown on the trade. If trades are placed with a firm that imposes a commission or equivalent fee on the trade, including a commission that is imbedded in the price of the security, the client will incur trading costs in addition to the fee you pay your Advisory Representative. It is important to know that you may pay a commission in addition to your advisory fee for those stepped-out trades. Envestnet has procedures in place to monitor these transactions. Envestnet’s Best Execution Committee meets quarterly to review the results of the documented monitoring conducted during the quarter. We periodically review Envestnet’s procedures and results may rely on a third party review as well.

Tax Management

You can elect to have the following tax-management services added to your Program Account.

- *Tax Sensitive Overlay*: Using predefined parameters, this service employs a rebalancing process that utilizes tax-aware portfolio management techniques that seek to better maximize expected after-tax returns on a risk-adjusted basis.
- *Tax Management Service*: Using more customizable parameters, this service seeks to control or customize the realization of large unrealized gains embedded in a Program Account.

Employing either of the above referenced services may:

- Limit the universe of Program Investments available for Program Account investment.
- Cause a divergence in Program Account performance if such services were not selected.
- Limit performance reporting capabilities.

SRI Screens

You can elect to apply a Socially Responsible Investing Screen (“SRI Screen”) to your Program Account. The screen is designed to restrict the Program Account from purchasing Program Investments of companies associated with certain industries such as Tobacco, Firearms and Gaming.

Employing an SRI Screen limits the universe of Program Investments available for Program Account investment and cause a divergence in Program Account performance if such screens were not selected.

Program Costs

The AMP Program is offered alternatively as an Account with separate advisory fees and transaction charges (“Unwrapped Fee”) or as an account where no separate transactions charges apply, and a single fee is paid for all advisory services and transactions (“Wrap Fee”).

The FSP, SMA, SUMA and UMA Programs charge an annual fee based upon the value of the Program assets you have under management which covers management, administrative and transaction costs (“Account Fee” or “Wrap Fee”).

Depending upon the level of the Account Fee, the amount of portfolio activity in your Account, the value of custodial and other services provided under the Program and other factors, the Wrap Fee may or may not exceed the aggregate cost of such services if they were to be provided to you separately.

Your Account Fee will bill monthly or quarterly in advance or arrears based upon either the average daily balance (ADB) or the period ending balance (PEB) of your account assets under management for the previous period. Account Fees are determined by prorating the applicable rate in the annual Account Fee schedule for the number of calendar days for each month or quarter. The initial Account Fee schedule is illustrated in the Investment Strategy Summary (“ISS”). Typically, management fees are automatically

deducted from the Managed Opportunities account according to an authorization provided in the client agreement. On an exception basis, you can have your management fees paid from other accounts or have us bill you directly by invoice.

Cash will be maintained in the core account investment vehicle which you select in order to pay for management fees and other charges and fees. Fees and charges are noted on your statements.

In the event that additions to, or withdrawals from, the account are made in excess of \$10,000 during any given month or quarter, the Account Fee will be adjusted on a pro-rata basis to the account from which the charge was debited. Adjustments are calculated as follows:

- i. Prior fees paid in advance for the remaining calendar days in the month or quarter, as of the date of the addition or withdrawal, will be refunded ("Prior Fees Paid").
- ii. Fees will be recalculated for the remaining number of calendar days as of the date of the addition or withdrawal ("Recalculated Fees"). Recalculated Fees are determined by pro-rating the applicable rate in the annual account fee schedule for the number of calendar days remaining in the month or quarter.
- iii. The applicable rate for the Recalculated Fees will be determined based on the market value of the assets as of the date of the addition or withdrawal. This may result in a different rate for Recalculated Fees versus Prior Fees Paid for the same period.
- iv. The net difference of the Recalculated Fees and the Prior Fees Paid may result in a credit or debit to the account.

In computing the market value of assets, mutual fund shares will be calculated at their respective net asset values as of the valuation date in accordance with each mutual fund prospectus. With respect to accounts that utilize margin, the "net worth" or "net equity" value of the account, not the long or short market value, will be used to determine the Account Fee. With respect to accounts that purchase or sell option contracts, the positive or negative value of the option will be included in the net equity value of the account for purposes of determining the Account Fee. Please be aware that option contracts are a "wasting" asset, in that they have value only through the date on which they expire. If call option contracts are sold in conjunction with securities held in a Program Account, (often referred to as covered call options) the cash received on the sale of the option may have the effect of temporarily increasing the net equity value of the Program Account, and thus increasing the amount of the Account Fee.

If an account is terminated and securities are liquidated, you can incur separate charges for each transaction. In addition, you can incur contingent deferred sales charges imposed by mutual fund companies on mutual fund position liquidations if you direct us to liquidate the account or switch managers. All other brokerage commissions are waived in Managed Opportunities accounts. You are subject to a \$200 transfer charge if, within 12 months of the establishing a Managed Opportunities portfolio, you direct us to transfer the assets of that portfolio to another Managed Opportunities portfolio.

Methods of Calculating Account Fees

Your Account Fee is billed using either the "Tiered" or "Linear" method. To illustrate, please refer to the sample billing schedule below:

Total Account Value:	Account Fee:
\$0 - \$250,000	X%
\$250,000 - \$499,999	Y%

- Under the Tiered billing method, a Total Account Value of \$400,000 would be billed as follows: the first \$250,000 would be billed at X% with the remaining \$150,000 to be billed at Y%.
- Under the Linear billing method, a Total Account Value of \$400,000 would be billed at Y%.

The ISS designates how your Account Fee is calculated.

Negotiation of Account Fees

Subject to the maximum Account Fee limitations imposed by the fee schedules that follow, each Advisory Representative: (i) negotiates with clients their own Account Fee schedule, and (ii) determines on a client by client basis the Accounts that will be included in the same “household” for purposes of calculating the Account Fee. The actual Account Fee schedule will be shown in the ISS.

Account Fees and terms are negotiated on a case-by-case basis, depending on a variety of factors, including the nature and complexity of the particular service, the requirements of your particular Advisory Representative, your relationship with your Advisory Representative, the size of the Account, the potential for other business or clients, the amount of work anticipated and the attention needed to manage the Account, among other factors.

AMP Fee Schedules

AMP Wrap Fee Option

If you select the Wrap Fee option, you will pay a single, all-inclusive Account Fee. Please consider that depending upon the level of the Account Fee charged, the amount of portfolio activity in your account, the value of services that are provided under the Program, and other factors, the Account Fee may or may not exceed the aggregate cost of such services if they were to be provided separately. Our policy and procedures are designed to ensure Advisory Representative’s with SAA recommend Wrap Fee Advisory Accounts only for actively managed accounts.

The Wrap Fee option offers a bundled charge that is inclusive of transactional (i.e., trading) costs and is meant to be utilized by investors who have an intention to actively trade their account. A non-wrap account is generally more cost-effective for you if you do not intend to actively trade your account. While there is no precise determinant for an actively traded account, if you are engaging in a small number of transactions per year, you should discuss in detail with your advisor if a wrap-account is appropriate for your needs.

The AMP Wrap Account Fee is composed of two components, the “Administrative Fee” and the “Advisory Fee.” The rates charged for these components are determined based on several factors described in more detail below, including but not limited to the size of your account, services provided, and the Advisory Fee negotiated. The annual Account Fee schedule applied to your account will not exceed 2.50% of Program Assets for new accounts. Please note, that older accounts can be under different fee schedules where the maximum total Account Fee paid by you could be higher. The actual Account Fee schedule will be shown in the ISS. The Account Fee charged in any given month or quarter will be reflected in the account statements sent to client.

Administrative Fees

The portion of the Account Fee allocated to the Administrative Fee covers administrative, and supervisory services provided by your Advisor’s associated Broker-Dealer as well as transaction, execution, clearing and custodial services as provided by the clearing broker-dealer. The Administrative Fee is set on a sliding scale depending on the size of the assets in the account with a maximum of 0.26%. With regard to any assets invested in mutual funds that are advised by SAA or an affiliate of SAA (as described in the Firm’s 2A at www.securitiesamerica.com), the assets will be excluded from the calculation of the Administrative Fee.

A discounted Administrative Fee Schedule is available for certain Advisory Representatives that meet the qualifications. The discount will be based upon the aggregated total of Account Fee billings of all clients your Advisory Representative maintains in the Program. The discount ranges from a 10% to 80% reduction of the Administrative Fee. If your Advisory Representative receives a discounted Administrative Fee, your Advisory Representative’s compensation will increase or decrease by the amount of the discount received, but your Total Account Fee and cost will remain unchanged.

Advisory Fees

The Advisory Fee is the remainder of the Account Fee and is primarily paid to your Advisory Representative for the provision of their personal advisory services rendered in qualifying you for investment in the Program, as well as for ongoing supervision and/or portfolio monitoring of Program Investments. Advisory Fees are negotiated on a case-by-case basis, depending on a variety of factors, including the nature and complexity of the particular service, your relationship with us and our Advisory Representative, the size of the account, the potential for other business or clients, the amount of work anticipated and the attention needed to manage your account.

AMP Unwrapped Fee Option

Clients who select the Non-Wrap Fee option will pay separate Transaction Charges in addition to the Account Fee. The AMP Unwrapped Account Fee is composed of two components, the “Administrative Fee” and the “Advisory Fee.” The rates charged for these components are determined based on several factors described in more detail below, including but not limited to the size of your account, services provided, and the Advisory Fee negotiated. The annual Account Fee schedule applied to your account will not exceed 2.50% of Program Assets for new accounts. Please note, that older accounts can be under different fee schedules where the maximum total Account Fee paid by you could be higher. The actual Account Fee schedule will be shown in the ISS. The Account Fee charged in any given month or quarter will be reflected in the account statements sent to client.

Administrative Fees

The portion of the Account Fee allocated to the Administrative Fee covers administrative, and supervisory services provided by your Advisor’s associated Broker-Dealer as well as transaction, execution, clearing and custodial services as provided by the clearing broker-dealer. The Administrative Fee is set on a sliding scale depending on the size of the assets in the account with a maximum of 0.17%. With regard to any assets invested in mutual funds that are advised by SAA or an affiliate of SAA (as described in the Firm’s 2A at www.securitiesamerica.com), the assets will be excluded from the calculation of the Administrative Fee.

A discounted Administrative Fee Schedule is available for certain Advisory Representatives that meet the qualifications. The discount will be based upon the aggregated total of Account Fee billings of all clients your Advisory Representative maintains in the Program. The discount ranges from a 10% to 80% reduction of the Administrative Fee. If your Advisory Representative receives a discounted Administrative Fee, your Advisory Representative’s compensation will increase or decrease by the amount of the discount received, but your Total Account Fee and cost will remain unchanged.

Advisory Fees

The Advisory Fee is the remainder of the Account Fee and is primarily paid to your Advisory Representative for the provision of their personal advisory services rendered in qualifying you for investment in the Program, as well as for ongoing supervision and/or portfolio monitoring of Program Investments. Advisory Fees are negotiated on a case-by-case basis, depending on a variety of factors, including the nature and complexity of the particular service, your relationship with us and our Advisory Representative, the size of the account, the potential for other business or clients, the amount of work anticipated and the attention needed to manage your account.

Transaction charges can apply to securities sales, purchases and exchanges. The charges vary for mutual funds, variable products, stocks, bonds and option transactions. Factors that determine transaction charges include size of purchase, type of transaction, mutual fund family, variable product sponsor, the Advisory Representative involved and processing method (on-line/phone/systematic).

For more information on these transaction charges or commissions, please ask your Advisory Representative or visit www.securitiesamerica.com under Disclosures.

No Transaction Fee Programs

Certain no-load or load at net asset value (“NAV”) mutual funds are available for purchase, sale or exchange without incurring transaction costs. These funds are offered through Pershing and NFS’ no transaction fee programs (respectively, the “Pershing Mutual Fund NTF Program” and “NFS Mutual Fund NTF Program”) as described below. Certain exchange-traded funds are also available through Pershing and NFS’ no transaction fee program (the “Pershing ETF-NTF Program” and the “NFS ETF-NTF Program”), also described below.

Pershing Mutual Fund NTF Program

You can purchase, sell or exchange a select group of no-load or load at NAV mutual funds through Pershing’s no- transaction fee program (the “Pershing Mutual Fund NTF Program”) without incurring transaction costs, purchase minimums or holding periods.

Pershing ETF-No Transaction Fee Program

Pershing offers a no-transaction fee exchange-traded fund program (the “Pershing ETF-NTF Program”) which, includes ETFs with no transaction fees. ETFs in the Pershing ETF-NTF Program have no purchase minimums or holding periods.

NFS Mutual Fund NTF Program

You can purchase, sell or exchange a select group of no-load or load at NAV mutual funds through NFS’ no- transaction fee program (the “NFS Mutual Fund NTF Program”) without incurring transaction costs, purchase minimums or holding periods.

NFS ETF-No Transaction Fee Program

NFS’ offers a no-transaction fee exchange-traded fund program (the “NFS ETF-NTF Program”) which, includes ETFs with no transaction fees. ETFs in the NFS ETF-NTF Program have no purchase minimums or holding periods.

Surcharge Fees Imposed on Your Account

A \$10 surcharge is assessed to you for transactions in certain mutual funds. The surcharge applies to each purchase and sale transaction for such mutual funds but excludes exchanges and periodic investments. Upon request, your Advisory Representative will provide you with a list of mutual funds subject to the \$10 surcharge. This list is subject to change from time to time.

Advisory Services to Variable Annuity Sub-Accounts

Your Advisory Representative has the option to utilize the Program tools to manage Variable Annuity products (“Program VAs”) that are maintained outside of a standard Program Account. Although the Variable Annuities and their respective Sub-Accounts will be represented on various Program reports (i.e., Performance Reporting) the Variable Annuities are held directly at the Variable Annuity Sponsor.

The variable annuity policy prospectus contains information about limitations and restrictions on making cash additions and withdrawals from any policy, and you should review that information. With respect to the AMP Portfolios, the market value of variable annuity accounts included in the management portfolio can be included in the calculation of the management fees as long as it was not sold by a SAI representative who earned a commission. SAA might not receive daily account valuation information for variable annuities from the insurance companies or their custodians. In some circumstances, management fees on certain variable annuity accounts can be based on the weekly or monthly average balance. You can pay more or less in management fees when the pricing is based on a weekly or monthly average balanced compared to management fees when the pricing is based on the average daily balance.

Schedule of FSP, SMA, SUMA, UMA Account Fees

The FSP, SMA, SUMA, UMA Account Fee is composed of two components, the “Program Fee” and the “Advisory Fee.” The rates charged for these components are determined based on several factors described in more detail below, including but not limited to Investment Manager selected, the size of your account, services provided, and the Advisory Fee negotiated. Please note, that older accounts can be under different fee schedules where the maximum total Account Fee paid by the client could be higher. The actual Account Fee schedule will be shown in the ISS.

The Account Fee charged in any given month or quarter will be reflected in the account statements sent to client.

Advisory Fees

For new accounts, the maximum Advisory Fee for the Program is 2.25% of the market value of the Program assets. The Advisory Fee is primarily paid to your Advisory Representative for services provided on behalf of the Advisor as outlined above. Your Advisory Representative’s supervisor and associated Broker-Dealer typically also receive a small portion of the Advisory Fee for supervisory and administrative services. Please note, that older accounts can be under different fee schedules where the maximum total Advisory Fee paid by you could be higher.

Program Fees

Program fees are those that we and each Investment Manager charge you for investment advisory services. Portions of the Program Fee are remitted to:

1. Investment Managers, for investment management services,
2. Investnet, for services provided through sub-agreement with us as referenced above and
3. the Custodian, for execution of transactions with respect to assets and custodial services

The remainder of the Program Fee is retained by us or SAI.

Subsequent to initial Client approval of the account asset allocation and the Investment Managers, Funds and ETFs that will be contained within each asset allocation sleeve, the asset allocation for the Program Account may be adjusted by the Advisor within predetermined limits. Since the Advisory Fee remains constant, to the extent that Investment Managers represent more or less of the assets in the client Program Account, the Program Fee rate and ensuing Account Fee rate can increase or decrease each month or quarter depending on total account value and the fee rates charged by the Investment Managers in the Program Account. The Program Fee is made up of:

1. the fee charged by the Investment Manager,
2. Investnet, custodian and related party fees and, if selected,
3. overlay and tax management fees. The cost of each of these fees is described below.

1. Investment Manager Fees

Different Investment Managers charge different fee rates for the provision of their investment management services to the Program. The fee earned by Investment Managers range from 0% to 1.4% per year. To the extent that Investment Managers are added or removed in any given month or quarter from a client’s Program Account, the Investment Manager Fee and, as a result, the Program Fee can increase or decrease depending on the fee rate charged by the Investment Manager. Investment Manager Fees are waived for an Investment Manager that is an affiliate of SAA (as described in the Firm’s 2A at www.securitiesamerica.com).

2. Investnet, Custodian, and Related Party Fees

Investnet, Custodian and Related Party Fees can range up to 32 basis points (.32%). Depending on the aggregated total Account Fee billings of all clients maintained by an Advisory Representative in the Program, we or our Related Persons provide the Advisory Representative Program discounts (ranging from a 10% to 80% of the fees retained by us and our Related Persons). An Advisory Representative's compensation will increase or decrease by the amount of the discount received, but your Account Fee and cost will remain unchanged. Assets invested in mutual funds that are advised by SAA or an affiliate of SAA (as described in the Firm's 2A at www.securitiesamerica.com), will be excluded from the Investnet, Custodian, and Related Party Fees.

3. SRI Screen and Tax Management Overlay Fees

An additional 8 basis points (.08%) will be added to your SUMA or UMA Program Fee if you elect the Tax Management Overlay or Tax Management Service. Furthermore, an additional 8 basis points (.08%) will be added to your Account Fee if you employ the use of an SRI screen.

General Information Concerning Fees and Other Client Charges

Confirmation & Prospectus Paper Fees

In addition to the fees discussed above, Confirmation and Prospectus Paper Fees also apply to your Program account.

The Confirmation Fee can be avoided by signing up for electronic delivery or by suppressing trade confirmations to quarterly. Your Advisory Representative can also choose to pay this fee on your behalf. Refer to the trade confirmation to determine if this fee applies to you.

The Prospectus Fee can be avoided by signing up for electronic delivery. The Prospectus Fee is paid by your Advisory Representative.

In cases where your Advisory Representative pays the above fees, there is an incentive for your Advisory Representative to trade less often or to recommend different products to avoid the fee. Our policy and procedures are designed to ensure our Related Persons make recommendations to you that are in your best interest. Furthermore, to mitigate this conflict, you can sign up for electronic delivery.

For more information on these charges, please ask your Advisory Representative or visit www.securitiesamerica.com under Disclosures.

Mutual Funds

Please be aware that Account Fees are charged on all mutual fund shares that are designated as Program Investments, including shares on which you have previously paid a sales charge. Also, to the extent that cash used for investments in an account comes from redemptions of your other non-managed mutual fund investments, you should consider the cost, if any, of the sales charge(s) previously paid and redemption fees that would be incurred. Such redemption fees would be in addition to the Account Fee on those assets. Please be aware that such redemptions and exchanges between mutual funds that participate in the Program might have tax consequences, which should be discussed with your independent tax adviser.

You will bear a proportionate share of the fees and expenses of any mutual funds selected and for money market funds used as "sweep vehicles" for uninvested cash balances. These fees and expenses typically include investment advisory, administrative, distribution, transfer agent, custodial, legal, audit and other customary fees and expenses related to investment in Funds and are in addition to the Account Fee. Please read the prospectuses of the funds selected for a more complete explanation of these fees and expenses.

You have the option to purchase shares of mutual funds outside of the Program directly from the mutual fund issuer, its principal underwriter or a distributor without purchasing the services of the Program or paying the Account Fee on such shares (but subject to any applicable sales charges). Certain mutual funds are offered to the public without a sales charge. In the case of mutual funds offered with a sales charge, the prevailing sales charge is determined by the mutual fund (as described in the mutual fund prospectus) and may be more or less than the applicable account fee.

Mutual funds generally offer multiple share classes available for investment based upon certain eligibility and/or purchase requirements. For instance, in addition to the more commonly offered retail share classes (typically, Class A, B, and C shares), certain mutual funds also offer institutional shares classes and other share classes that are specifically designed for purchase in an account enrolled in fee-based investment advisory programs. Institutional share classes or classes of shares designed for purchase in an investment advisory program usually have a lower expense ratio than other shares classes. Clients should not assume that they will be invested in the share class with the lowest possible expense ratio.

Variable Annuities

Variable annuity companies generally impose internal fees and expenses on your variable annuity investment, including contingent deferred sales charges and early redemption fees. In addition, variable annuity companies generally impose mortality charges. These fees are in addition to the fees and expenses referenced above. Complete details of such internal expenses are specified and disclosed in each variable annuity company's prospectus. Please review the variable annuity prospectus for full details.

Retirement Accounts

There are additional fees relating to IRA and Qualified Retirement Plan accounts such as maintenance and termination fees. You will find these fees disclosed in the account application paperwork provided to you associated with these accounts.

Accordingly, you should review the Account Fee and the other fees outlined above to fully understand the total amount of fees you pay.

Depending upon the level of the Account Fee, your Advisor may receive more compensation:

- 1) as a result of your participation in the Program than if you participate in other programs that your Advisor offers.
- 2) if your Advisor charges you the Wrap Account Fee which wraps management, administrative and transaction costs into one fee rather than having you pay for these services separately.

As such, your Advisor could have a financial incentive to recommend the Program to you over other programs or services.

Advisory Representatives have the ability to purchase certain securities products outside of an advisory account, but which are held in the client's advisory account. Though these assets are not subject to the advisory account fee, you should be aware that the purchases are subject to commissions or loads which are earned by the Advisory Representative.

Illiquid and Alternative Investments

There is a \$35.00 annual fee charged for registered daily NAV REITs.

Core Account Investment “Sweep” Vehicle

Each eligible brokerage account has an associated account to hold cash waiting to be reinvested. This account is called a “sweep” account because cash balances are automatically “swept” into the core account investment vehicle.

By opening an account with Securities America, you authorize us to establish a core account investment vehicle in the appropriate program. For eligible accounts, those programs are the Insured Cash Account Program and the Bank Deposit Sweep Program. For eligible advisory Individual Retirement Accounts (IRAs), the applicable core account investment vehicle is the Insured Cash Account Program. For all other eligible accounts, the core account investment vehicle is the Bank Deposit Sweep Program. Your Advisory Representative can help determine if your account is eligible for one of these programs.

If your account is not eligible for either program, we provide access to other core account investment vehicles, including money market funds, to hold cash balances waiting to be reinvested. Money market funds can lose value and have done so in the past. In addition, different core account investment vehicles can have different rates of return and different terms and conditions, such as FDIC insurance or SIPC (Securities Investor Protection Corporation) protection. For more information on FDIC insurance, please consult www.FDIC.gov.

If you do not wish to use the applicable core account investment vehicle, we generally will not be able to maintain your account. You are not obligated to use any of our managed accounts and can select a managed account at another broker-dealer where similar programs may not exist. However, you would lose the benefit of having your account managed by your Advisory Representative and Securities America Advisors. We describe the Bank Deposit Sweep Program and the Insured Cash Account in more detail below.

FDIC Programs

The Insured Cash Account Program and Bank Deposit Sweep Program offer FDIC insurance (FDIC Programs). The maximum amount of FDIC insurance coverage for your deposits in the FDIC Programs is \$1.5 million (for an individual account) or \$3 million (for a joint account). Funds deposited through the FDIC Programs are not eligible for SIPC coverage. Any deposits you maintain in the same insurable capacity, outside of the FDIC Programs but with a Program Bank, are aggregated with your deposits for purposes of determining the maximum applicable FDIC deposit insurance. You are responsible for monitoring the total amount of your deposits with each Program Bank to determine the extent of FDIC deposit insurance coverage available to you. If you are eligible to participate in the FDIC Programs, you can expect to receive the appropriate disclosure document when you establish or fund your account and we encourage you to review it carefully.

Available cash in your account is deposited through the FDIC Programs into interest-bearing deposit accounts at one or more FDIC-insured depository institutions (i.e., the Program Banks). The list of Program Banks and current interest rates for each FDIC Program is available from your Advisory Representative and on the Investors section of the Securities America website.

The FDIC Programs can also create financial benefits for our firm, our affiliates, and our clearing firms: National Financial Services, LLC, Member NYSE/SIPC (National Financial Services) and Pershing, LLC, Member FINRA, NYSE, SIPC, and a subsidiary of The Bank of New York Mellon Corporation (Pershing). The revenue generated by us can be greater than revenues generated by sweep options at other brokerage firms. It can also be greater than other core account investment vehicles currently available to you or possible core account investment vehicles we have used in the past or may consider using in the future.

Bank Deposit Sweep Program

Except for advisory IRAs, the Bank Deposit Sweep Program is the core account investment vehicle for eligible accounts custodied at National Financial Services and/or Pershing. The cash balance in an eligible brokerage account is automatically deposited or “swept” into the Bank Deposit Sweep Program, which uses an insured bank deposit account. Our firm may, when allowable, receive a fee from each Program Bank in connection with the respective programs. We will also pay a fee to National Financial Services, Pershing and necessary third-party vendors for the services they provide in conjunction with the program.

Insured Cash Account Program

The Insured Cash Account Program is the core account investment vehicle offered for eligible advisory IRA accounts custodied at National Financial Services and/or Pershing. Each month for any advisory IRA using the Insured Cash Account Program as the core account investment vehicle, a level administrative fee applies for the administrative services performed in operating the program. The level account fee is predetermined by formula, as stated in the Insured Cash Account Program Disclosure Document. We cannot earn income in excess of the stated level account fee. The aggregate interest generated by banks participating in the Insured Cash Account Program is used to pay the level account fee for each individual client and to pay any third-party vendor fees. All interest left over after these payments is then credited to client accounts in the Insured Cash Account Program. A detailed explanation of the method for calculating interest and fees is available in the Insured Cash Account Program Disclosure Documents provided at account opening and on the Investors section of the Securities America website.

Deutsche Bank Insured Deposit Program (DBIDP)

The Deutsche Bank Insured Deposit Program was closed to new accounts in December 2017. Any legacy accounts remaining at that time were custodied at Pershing and continued to participate in the Program until converted by Pershing into the Total Bank Solutions Deposit Program. As of December 2018, all legacy DBIDP accounts have been converted to the TBSDP. The TBSDP is not available for any new accounts. Account owners whose account uses the TBSDP should refer to the disclosure document provided to them (also available upon request from Pershing or your Advisory Representative) for information on how the TBS Program operates.

Material Conflicts of Interest

A conflict of interest arises due to the financial incentive from offering sweep vehicles that generate third party payments to SAA's broker/dealer affiliate SAI. Since additional compensation is earned by SAI through the sweep vehicles offered, a conflict of interest also arises due to an economic benefit derived by cash balances being swept into the program rather than reinvested in other investment funds or securities. This additional compensation is in addition to the management fee that SAA receives in connection with such balances pursuant to the client's advisory contract.

In addition, a conflict of interest arises as a result of the financial incentive for SAA and SAI to recommend and offer the Bank Deposit Sweep Program that may be viewed as a proprietary product, and that generates additional compensation, up to a maximum of 300 basis points annually. The foregoing conflicts of interest are mitigated under our policies and procedures, that have been adopted for this purpose, and by the fact that the Advisory Representative who makes investment recommendations for your program account does not receive any economic benefit from these payments.

Distribution Assistance

For additional information on such distribution assistance, please visit www.securitiesamerica.com and refer to the "Indirect Compensation" section underneath the "Disclosures" link, or you may refer to the Fund's prospectus or your Advisory Representative for additional information related to such fees. In an effort to maintain a positive yield to a customer, a fund company may reduce or waive a portion or all of its internal management and/or distribution fees. Please consult the Fund's prospectus, or your Advisory Representative, for additional information on such fee waivers.

Section 31 SEC Transaction Fee

In accordance with Section 31 of the Securities Exchange Act of 1934, self-regulatory organizations (SROs) -- such as the Financial Industry Regulatory Authority (FINRA) and all of the national securities exchanges -- must pay transaction fees to the Securities and Exchange Commission (SEC) based on the volume of securities that are sold on their markets ("Section 31 SEC Transaction Fee"). The Section 31 SEC Transaction Fee is designed to recover the costs incurred by the government, including the SEC, for supervising and regulating the securities markets and securities professionals. The SROs have adopted rules that require their broker-dealer members to pay a share of these fees. Broker-dealers, in turn, impose fees on their customers that provide the funds to pay the fees owed to their SROs.

Section 31 SEC Transaction Fees imposed on your Program Account are calculated as number of shares multiplied by price per share multiplied by a specified rate set by the SEC; a small fraction of a cent that will fluctuate periodically. The applicable fee will appear on your trade confirmation. To find the current rate for Section 31 transaction fees, please visit the Division of Market Regulation's Frequently Requested Documents webpage, and click on the most recent Fee Rate Advisory under "Section 31 Fees."

Neither the Firm, your Advisory Representative, nor your Advisor receive any portion of the Section 31 SEC Transaction Fee.

Termination of Program Investments

We reserve the right to terminate the offering of any Program Investment at any time and in any manner. In the event of termination, you will be given reasonable advance notice of the termination.

Item 5 - Account Requirements and Types of Clients

Types of Clients

The Program is available to individuals (including high net worth individuals), banking or thrift institutions, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, state and municipal governmental entities, as well as other business entities.

Minimum Account Size

The minimum account size for Program Accounts is below. In certain scenarios, the minimum may be waived by the Advisor. This includes but is not limited to instances where the client intends to bring in additional assets or the account depreciates.

The minimums to establish and maintain Managed Opportunities accounts are listed below. Exceptions can be granted if negotiated between yourself, SAA and/or your Advisory Representative.

- \$5,500 for Managed Opportunities FSP, SMA, SUMA and UMA. The specific minimum varies according to the Investment Manager and asset allocation model selected.
- \$50,000 for Managed Opportunities AMP

Item 6 - Portfolio Manager Selection and Evaluation

AMP

Your Advisory Representative is the sole portfolio manager available with respect to the Program. Because your Advisory Representative is the portfolio manager in this Program you acknowledge that you have chosen him or her to act in this capacity. Advisory Representatives are selected by their Firms based on various criteria including experience. You should refer to the relevant Form ADV of the Firm with which your Advisory Representative is associated.

FSP, SMA, SUMA, UMA

All Investment Managers are subject to a due diligence process which includes annual reviews designed to determine if a manager meets a sufficient level of quality and stability through their policies and practices. Investment Managers are evaluated using a variety of data and information from one or more resources, which include: public or private independent databases, responses to periodic due diligence questionnaires, quantitative and qualitative information, research, performance reports, and other pertinent information concerning the manager. While all Investment Managers are subject to a due diligence process, your Advisory Representative is responsible for determining whether any particular Fund or investment strategy is appropriate and suitable for use by you.

We select Strategists and perform periodic due diligence and reviews to ensure they are suitable for the Program. We select Third Party Managers for participation in the Program from a list provided by Investnet. The Third Party Managers in the Program selected from the Investnet list are considered "approved" or "available," depending on the level of due diligence performed. An explanation of how your Advisory Representative selects an Investment Manager can be found in Item 4 of this brochure under Advisory Services. If your situation changes and your Advisor determines that a particular selected Investment Manager is not managing your portfolio in a manner consistent with your current goals and investment objectives, your Advisor may recommend a different Investment Manager to re-align with your current stated goals and objectives.

On an ongoing basis, Investnet reviews Third Party Managers participating in the Program to determine whether they continue to meet Investnet's guidelines and evaluation criteria. If Investnet detects relevant information at any time (including qualification and/or performance concerns), we will generally follow Investnet's recommendation as to whether to continue to include the Third Party Manager as an investment suitable for the Program or add a Third Party Manager to the Program. We receive research, performance information and other information from Investnet about Third Party Managers but do not independently verify or guarantee the accuracy or validity of this information received from Investnet, or any other source. Further, there is a chance the performance information that we receive from Investnet may not be calculated on a uniform or consistent basis.

For approved Third Party Managers, Investnet employs a multi-phase approach in its evaluation ("Due Diligence"). As part of the Due Diligence, certain types of information are analyzed, including historical performance, investment philosophy, investment style, historical volatility and correlation across asset classes. Also reviewed are the Third Party Manager's Form ADV Part 2 disclosure events, as well as portfolio holdings reports that help demonstrate the Third Party Manager's securities selection process and the prospectuses of the Funds.

Certain Investment Managers may be added as an accommodation in certain limited circumstances, e.g., clients who wish to join the Program and want to retain previously hired managers not on our list. Your Advisor has the sole responsibility for assisting you in the selection of Investment Managers suitable for your investment objectives.

In addition to Third Party Managers and Strategists, your Advisory Representative may elect to act as portfolio manager for all or part your Program Investments in a SUMA or UMA. In these cases, Advisory

Representative compensation is derived solely from the Advisory Fees described in the aforementioned Schedule of Account fees section of Item 4. Advisory Representatives do not receive separate Investment Manager fees when acting as portfolio manager. Advisory Representatives are selected by their Firms based on various criteria including experience and are not subject to the same selection and review as Investment Managers. You should refer to the relevant Form ADV of the Firm with which your Advisory Representative is associated.

Neither we nor your Advisor make any representations regarding the future performance of any investment strategy of, or security recommended by, any Investment Manager participating in the Program. As always, past performance is not a guarantee of future results.

Item 7 - Client Information Provided to Portfolio Managers

Your personal identification, account and holdings data are disclosed to your Advisor to enable your Advisor to help determine the Program Investments that are suitable for you.

Your Advisor provides us with access to the following client related information: (i) account opening documents (which include, among other things, your investment objective, risk tolerance and any account restrictions you imposed on management of assets); (ii) your investment guidelines (if applicable); and (iii) reports relating to the performance of your account.

A copy of the Firm's privacy notice is available in the disclosure section of our website: www.securitiesamerica.com.

Item 8 - Client Contact with Portfolio Managers

Client-Advisor Relationship

You are encouraged to contact your Advisor with respect to any changes regarding your investment objectives, risk tolerance and requested restrictions with respect to management of your Program Investments. You should direct any questions that you have regarding the Program to your Advisor.

Item 9 - Additional Information

Disciplinary Information

Disclosure of Disciplinary Actions Related to Failure to Implement Policies and Procedures to Prevent Misappropriation of Funds

On June 30, 2021, Securities America Advisors, Inc. ("SAA") entered into a Settlement Order ("Order") with the Securities Exchange Commission ("SEC"). The SEC found that SAA violated Section 206(4) of the Advisers Act and Rule 206(4)-7 thereunder. More specifically, during the period of November 2014 to March 2018, SAA failed to implement policies and procedures for the review of automatically generated surveillance alerts before and after client disbursements to ascertain possible misappropriation.

Without admitting or denying the SEC's findings, SAA agreed to cease and desist from committing or causing any violations and any future violations of Section 206(4) of the Advisers Act Rule 206(4)-7. SAA reimbursed clients for their losses and agreed to pay a civil monetary penalty totaling \$1,750,000 to the SEC.

Additionally, SAA agreed to retain the services of an independent consultant to conduct a comprehensive review of SAA's policies and procedures designed to detect and prevent the misappropriation of assets from client accounts. We encourage all clients to review their official brokerage statements on a regular basis and report any concerns or irregularities with withdrawals to SAA.

Disclosure of Disciplinary Action Relevant to Business Development Corporation of America

On February 19, 2021, SAI and SAA (the "Firms") collectively entered into a Settlement Order ("Order") with the Commonwealth of Virginia State Corporation Commission ("Commission"). The Firms consented to the Order as a result of one representative's alleged conduct in his capacity as a registered representative of SAI and as an investment adviser representative of SAA. The representative was alleged to have violated Rule 21 VAC 5-20-280 (A) (3) of the Commission's Rules Governing Broker-Dealers ("B-D Rules") by recommending the purchase of the unsuitable Business Development Corporation of America ("BDCA"), as well as Rule 21 VAC 5-80-200 (A) (1) of the Commission's Rules Governing Investment Advisors ("IA Rules"). In the Order, the Commission alleged that the Firms failed to reasonably supervise one of its financial professionals for recommending the purchase of the unsuitable BDCA securities to a client.

Without admitting or denying the findings, the Firms agreed to purchase the remaining shares the client holds in BDCA for the full purchase price of \$50,000 and pay penalties and costs totaling \$25,000.

Disclosure of Disciplinary Action Related to the Sales of Complex Exchange-Traded Products

On November 13, 2020, Securities America Advisors, Inc. ("SAA") entered into a settlement agreement with the Securities and Exchange Commission ("SEC") and an administrative order has been issued by the SEC. The SEC found the Firm violated Section 206 and Rule 206(4)-7 of the Investment Advisers Act of 1940. More specifically, during the period from January 2016 through February 2018, SAA did not adopt and implement policies and procedures reasonably designed to prevent unsuitable investments by its Advisory Representatives in volatility-linked exchange traded products ("ETPs").

Without admitting or denying the SEC's findings, the Firm agreed to cease and desist from committing or causing any violations and any future violations of Section 206(4) of the Advisers Act and Advisers Act Rule 206(4)-7. The Firm also agreed to pay disgorgement, prejudgment interest, and a civil monetary penalty totaling \$603,776.82 to the Securities and Exchange Commission.

The SEC noted that SAA cooperated with the SEC and promptly took remedial steps to adopt policies and procedures that, with a few narrow exceptions, prohibited trading in volatility-linked ETPs.

Disclosure of Disciplinary Action Related to Mutual Fund Share Classes

While SAA neither admitted nor denied the SEC's findings, the SEC found that SAA breached its fiduciary duty, had inadequate disclosures and was deficient in its compliance policies and procedures in connection with SAA's mutual fund share selection practices.

During February 1, 2012 to December 31, 2016 (the relevant period), the SEC found that SAA's IARs invested advisory clients in mutual fund share classes charging 12b-1 fees and that SAI, SAA's affiliated broker/dealer, received 12b-1 fees based on those investments. SAI then paid a portion of the 12b-1 fees to its registered representatives who also acted as SAA IARs. The SEC found that SAA's disclosure documents failed to adequately inform clients that this was a conflict of interest because less expensive share classes were available for the same fund and that this made SAA's practice inconsistent with its duty to seek best execution for its clients' transactions.

Also during the relevant period, the SEC found that SAA failed to adopt and implement written policies and procedures reasonably designed to prevent violations of the Advisers Act and its Rules. The SEC found SAA's conduct violated Sections 206(2), 206(4) and 207 of the Advisers Act and Rule 206(4)-7.

On December 14, 2017, without admitting or denying the SEC's findings, SAA submitted an Offer of Settlement. On April 6, 2018, the SEC entered an order against SAA (File Number 3-18424) in which SAA was instructed to cease and desist from committing or causing violations of Sections 206(2), 206(4) and 207 of the Advisers Act and Rule 206(4)-7 thereunder. SAA was also censured and ordered to pay disgorgement of \$4,473,025.50, prejudgment interest of \$580,423.14 and a civil penalty of \$775,000.00.

Clients can also refer to Investment Adviser Public Disclosure at www.adviserinfo.sec.gov for additional information.

Prior to the entry of the SEC's order, SAA implemented several policies to address the mutual fund share class selection practices described in the SEC's order. SAA now requires that its IARs complete all new purchases of mutual funds in advisory accounts at the lowest cost share class available to SAA, and SAA has worked with its clearing platforms to ensure compliance with this policy. Additionally, SAA has taken steps to convert mutual fund investments in all Class A shares (or comparable classes) to the lowest cost share classes available for the same funds at no costs or tax consequences to its existing advisory clients. For those shares that cannot be or have not yet been converted, SAA has implemented a policy to credit back any newly incurred 12b-1 fees to existing advisory clients.

Other Financial Industry Activities and Affiliations

Advisors that offer the Program may be "Related Persons" to us. You should see the ADV Part 2A of your Advisor that will be provided to you for information regarding any of their other financial industry affiliations and for any associated conflicts of interest.

Code of Ethics

We have adopted a Code of Ethics (the "Code") to address securities-related conduct. The Code focuses primarily on fiduciary duty, personal securities transactions, insider trading, gifts, and conflicts of interest. The Code includes our policies and procedures developed to protect your interests in relation to the following topics:

- The duty at all times to place your interests first;
- The requirement that all personal securities transactions be conducted in such a manner as to be consistent with the code of ethics and to avoid any actual or potential conflict of interest or any abuse of an employee's position of trust and responsibility;
- The principle that investment adviser personnel should not take inappropriate advantage of their positions;
- The fiduciary principle that information concerning the identity of security holdings and your financial circumstances is confidential; and
- The principle that independence in the investment decision-making process is paramount.

We provide a copy of the Code to any client or prospective client upon request to their Advisory Representative.

It is SAA's policy to prohibit agency cross transactions where Advisory Representatives act as brokers for both buying and selling a single security between two different clients and are compensated through an agency commission or principal mark-up for the trades. If we adopt a different policy in this area, we will observe all rules and regulations in accordance with the disclosure and consent requirements of Section 206(3) of the *Advisers Act*. Additionally, we are aware that such transactions only occur if we ensure that we meet our duty of best execution for the client.

Individuals who are covered by our Code ("Access Persons") can buy or sell securities identical to those recommended to you for their personal accounts. In addition, any of our Related Person(s) may have an interest or position in securities which are recommended to you. Our Code requires Access Persons to report their personal securities holdings for review by us.

Participation or Interest in Client Transactions

Third Party Managers that are included in the Program are not Related Persons to us. Your Advisor, who may be a Related Person to us, can recommend or buy and sell securities that it or its Related Persons' have a financial interest in. Please see the ADV Part 2A of your Advisor for further details on these financial interests and associated conflicts of interest.

Trade Errors

Occasionally, a trading error can occur where either we, or our Advisory Representatives, are at fault for effecting one or more erroneous securities transactions for a client's brokerage account. If this occurs in your account, the error will be corrected, and your account will be restored to the same economic position had the error never occurred. In the process of restoring your account, a profit may be realized, or a loss suffered in connection with correcting this error. Neither losses nor gains realized will be passed on to you. As a result, trade corrections can result in a financial benefit to us or our affiliated broker/dealers.

By opening an account with us, you are directing us to follow the error correction policy described above and to retain the financial gains, if any, recognized from error-correction transactions in the manner described as the payment of reasonable compensation for services provided.

Review of Accounts

Your Advisor periodically reviews your account and contacts you annually. For further account review details, please see the ADV Part 2A of your Advisor.

Indirect Compensation and Revenue Sharing Disclosure

The Advisor and Broker-Dealer offer a range of investments and services to its clients. As you work with your Advisory Representative to determine the right investments and services to achieve your investment goals, it is also important for you to understand how your Broker-Dealer, Advisor, and Advisory Representative are compensated. This is because various forms of compensation create potential conflicts of interest, and it is important for you to assess potential conflicts of interest in making investment decisions.

SAA, SAI, and our Related Persons maintain revenue sharing arrangements with certain mutual funds, (referred to as "Strategic Partner(s)"). Strategic Partners pay up to 30 basis points (0.30%) of your total purchase amount of a mutual fund. Additionally, some Strategic Partners make a quarterly payment or additional quarterly payment based on the assets you hold in the fund over a period of time of up to 18 basis points (0.18%) per year. Alternatively, the Firm and our Related Persons receive compensation from the mutual fund as: (1) a flat fee regardless of the amount of new sales or assets held in client accounts; or (2) the greater of such flat fee or amount based on assets and/or new sales as referenced above and any ticket charge payments referenced below.

SAA, SAI, and Related Persons do not accept the aforementioned mutual fund Strategic Partner revenue sharing payments on sales or assets held in investment advisory accounts of a plan subject to Title I of the Employee Retirement Income Security Act of 1974, described in section 4975(e)(1)(A) of the Internal Revenue Code ("Code") or an individual retirement account or annuity described in Internal Revenue Code section 4975(e)(1)(B) – (F) ("Qualified Advisory Accounts"). Instead mutual fund Strategic Partners will pay a fixed dollar amount annual partnership fee of up to approximately \$475,000 in exchange for certain marketing and services provided by Broker-Dealers in connection with these account types.

Though Advisory Representatives do not receive additional compensation in connection with sales of these products, the Strategic Partners do have greater access to Advisory Representatives to provide training and other educational presentations and product information so that they can serve clients better.

You do not pay more to purchase Strategic Partner investment products through SAI or SAA than you would pay to purchase those products through another broker-dealer or RIA. Additionally, revenue-sharing payments received by SAI, SAA, or Related Persons are not paid to or directed to Advisory Representatives, and Advisory Representatives do not receive additional compensation for selling Strategic Partner products. Nevertheless, a potential conflict of interest exists, in that the Firm and our Related Persons are paid more if you purchase a Strategic Partner product, and Advisory Representatives may indirectly benefit from Strategic Partner payments when the money is used to support costs of product review, marketing or training, or for waiver of mutual fund ticket charges.

We maintain policies and procedures to ensure recommendations are suitable and require that Advisory Representatives always act in your best interest. We also maintain a supervisory structure to monitor the advisory activities of your Advisory Representative to reduce potential conflicts of interest. You are encouraged to ask us about any conflict presented.

To better understand how your Advisor and Advisory Representative are compensated, please refer to your Advisor's Form ADV Part 2A. For additional information regarding Broker-Dealer and SAA compensation please refer to the "Indirect Compensation" disclosures in the "Disclosures" section of our website www.securitiesamerica.com.

Client Referrals and Other Compensation

As Program Sponsor, we receive a portion of the Account Fee as described in Item 4 above. For further details on compensation and other economic benefits that your Advisor receives, please see their ADV Part 2A.

Voting Client Securities

Generally, SAA delegates proxy voting for our Managed Opportunities Strategist Fund Portfolios, Separately Account Portfolios, Strategist Unified Managed Account Portfolios and Unified Managed Account Portfolios to Envestnet or to the Investment Manager to whom it allocates client assets. You can specifically choose not to grant such authority. To retain the proxy voting authority, you must complete the Managed Opportunities Program Additional Instructions Form indicating that you wish to receive all proxy notices.

SAA acknowledges our fiduciary obligation to ensure any proxies for which Envestnet or the Investment Manager are responsible are voted solely in the best interests of the client. Both designees have developed appropriate principles, policies and procedures to ensure proxies are voted in this manner. Generally, Envestnet and/or the Investment Manager use a neutral third party that issues recommendations based on its own internal guidelines. This policy is in place to limit conflict of interest issues. Both have policies designed to identify and resolve any such issues.

You can request information on how your account proxies were voted or request a copy of SAA's proxy voting procedures, Envestnet's proxy voting procedures or a copy of the Investment Manager's proxy voting procedures by contacting SAA in writing or by phone at:

Securities America Advisors, Inc.
12325 Port Grace Blvd.
La Vista, NE, 68128
Attention: RIA Compliance
(800) 747-6111

Other than the specific Managed Opportunities Program Portfolios described above, our firm and Advisory Representatives will not perform proxy voting services on behalf of clients in any other program. If the account is for a pension or other employee benefit governed by ERISA, the right to vote proxies is expressly reserved for the plan's trustees or other plan fiduciary and not our firm. All proxy notices will be sent directly to you. You should read through the information provided with the proxy materials and decide how you choose to vote. Upon your request, and at their discretion, Advisory Representatives provide a recommendation or clarification based on their understanding of issues presented in the proxy materials but you are solely responsible for all proxy voting decisions.

Financial Information

Your Program assets will be custodied at National Financial Services, LLC or at Pershing LLC. The Program does not allow, require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance. Therefore, we are not required to include a balance sheet for our most recent fiscal year. We have no financial condition that might impair our ability to meet our contractual commitments to clients, and have never been the subject of a bankruptcy proceeding.
